DevBlog

...

Creating a Own blog which can be used to share learning knowledge.

Technologies Involved : JavaScript, React, Redux, jQuery, Ajax, HTML, CSS, PHP, GIT, MySQL, AWS Amplify, Dynamo DB.

EDUCATION

Pydah College Of Engineering

June 2009 - May 2013

Bachelor Of Technology

It is one of good Institutes in kakinada and where I've initiated myself as a programming student with well educated faculty who supported me in all the aspects towards achieve my degree and good culture at all.

SKILLS

JavaScript, React, Redux, jQuery, Ajax, HTML, CSS,SCSS, PHP, Laravel, Codeigniter, MySQL,Maria DB, REDIS, Git, AWS (S3 ,Lambda, DynamoDB),Sublime Text (Editor), VSCode (Editor).

CERTIFICATIONS

JavaScript Algorithms and Data Structures

October 2020

freeCodeCamp.org

I certified for course JavaScript by the one of well known learning communities online is **freeCodeCamp.org** which is provides great platform for all learner to get knowledge on different type of technologies like JavaScript, React ,Redux etc..

JavaScript

October 2020

HackerRank

Hacker Rank which is one of the good communities of learning some technical skills and done certification for JavaScript.

HONORS
